

How Financial Giving is Spent at All Saints'

It is important to note that a significant amount given—especially for missional and hospitality activities—is donated to the Church by individuals. Thank you for what you give both financially and as donations!

Making Jesus known is central to everything to do. To that end, it is hard to define the cost of a missional activity such as *Christmas Through the Keyhole*, as this will bridge several areas (eg. lighting and heat, printing, hospitality, equipment, as well as donations.)

With the above in mind, for every £1 given, this is how it will be used in 2023:

Note on the Parish Share – While a significant amount goes to pay for the Parish Share, this incorporates expenses such as the Vicar's Stipend and housing, Curate's Stipend and 75% of housing costs, National Insurance and pension, as well as support services (eg. safeguarding, registry and buildings advice, training and others.)

Going forwards – The PCC would like to set an example of stewardship and dependence upon God. We will be looking at ways to move towards clearly tithing 10% of all income to missional areas outside of All Saints' Church, located in our parish, Windsor and further afield. We seek to take bold steps of faith, spending wisely, as we bless others in faith.
