

Dear Friends,

Green Day – This Saturday - All Saints' Gardening Morning – 10am this Saturday!

This Saturday is our regular gardening day in the church grounds between 10am and 12 noon. Come along and help keep the grounds looking good—please bring your own tools.

We have visitor joining us this Saturday - Heather from The Climate Partnership, who have just given the Church a grant of £1400 to help improve the grounds by increasing biodiversity. *The main aim of the Climate Partnership Grants is to support climate action by community groups in The Royal Borough of Windsor and Maidenhead (RBWM) and to help new sustainability groups get established and existing groups develop further by providing quick funding to help start initiatives and projects.* Heather is coming to advise All Saints' on things we can do around the grounds and offer support as needed. Do come and see what we are planning.

All Saints' now has an emergency defibrillator:

On Tuesday we took delivery of a new life-saving device that was donated to us by the charity Thames Valley Heartbeat. We give thanks for the support from TVH, those in Men's Matters, The Lions Club of Windsor and Mike Brooks, who has brought things together between all the groups to make the installation possible. TVH have also offered the Church free CPR training—more on that soon!
